### Local Miscellany.

County Court held a special term yesterday.

Our farmers are beginning their wheat harvest.

B. & O. Employees' Excursion to Island Park to-morrow (Wednesday).

Mr. Aldridge Lewis has been installed as an assistant in the Charlestown post office.

Prof. St. Geo. T. Brooke, of the West Virginia University, and wife, are visiting their friends here.

Among the patents recently granted was one to Wm. H. Karicoff, of this county, for a corn harvester.

Mr. B. F. Leisenring has removed his Insurance Office to the room of N. S. White, Esq., on South Charles st., near Main.

The Presbyterian Sunday school of Hagerstown will hold their annual picnic at Island Park on next Friday, 25th instant.

Messrs. J. W. and Herbert S. Blessing, of this place, have gone to Georgetown, D. C., to enter the employ of Messrs. Wheatley Bros., in that city.

Messrs. Wm. Phillips & Sons have contracted to furnish material for the new frame building of Mrs. Annie Campbell, to be erected by Mr. Barney Lloyd.

The through freight traffic over the Shenandoah Valley Railroad is heavier than it has been for a long time. Steel rails and bridge iron form the bulk of the south-bound freight.

On and after Monday, June 21st, the mail trains on B. & O. R. R. will run through between Baltimore and Staunton, as heretofore, making connection with C. & O. R. R. both ways.

Mr. Jas. W. Butt has contracted to tin roof the dwelling on the "Blakeley" farm of Col. R. P. Chew, Mr. Wm. Lloyd's dwelling at Ripon, and the dwelling of Mrs. Mary E. O'Bannon, in this place.

The S. V. R. R. trains now pass Charlestown as follows: Northward at 11:07 A. M., and 5:12 P. M.; southward at 11:52 A. M., and 7:38 P. M. Full corrected time table in our next issue.

The recent protracted meeting in the M. E. Church South at Middleway resulted in forty-three accessions to that church, besides some additional converts who connected themselves with other churches.

It is about time the weeds were removed from our sidewalks, gutters, streets and alleys. Besides adding to the good appearance of our thoroughfares, it would be less inviting to malarial and kindred diseases.

Mrs. Rev. J. L. Shipley, of Moorefield, formerly of this place, received a package of the wedding cake and cards announcing the wedding of Mr. Grover Cleveland to Miss Frances Folsom. Mrs. Shipley is a cousin of Mr. Cleveland.

Jailor Dalgarn and Mr. Thomas Geary returned last Tuesday from Moundsville, whither they had conveyed Reuben Twyman, colored, sentenced at the last term of our Circuit Court, to be confined in the penitentiary for the term of five years.

Our young countymen H. B. and E. C. Davenport returned Saturday from Rensselaer Polytechnic Institute, at Troy, N. Y., from which highly reputed institution they have graduated with distinguished honors, and bear their diplomas home with them.

A roaming mule got into Mrs. A. A. Hughes' garden Wednesday night, and played havoc with her vegetables. If we mistake not, there is a corporation ordinance against stock running at large—but mules and horses seem to have the preference over cows in this regard.

Before you buy your India Linens, Victoria Lawns, White Barred Muslins, Nansooks, Lawns of all shades and styles, Satines, Percales and Fancy Dress Goods, look at the immense stock that the SHENANDOAH MILLING Co. have, and are selling at a reduced price.

In the report of the commencement exercises of Randolph-Macon College, we notice that Mr. George Shipley graduated in Mathematics and Greek. Mr. Shipley also received the mathematical prize medal for having attained the highest point of excellence in his mathematical studies.

Complaint having been made to our Assessors, we are requested to state that keepers of private boarding houses subject themselves to the law requiring hotel license when they take boarders for less than three days, and if they receive such boarders and do not take out a hotel or tavern license, are liable to presentment by the Grand Jury for violation of the law.

# Stephenson Seminary Commencement.

The commencement exercises of Stephenson Female Seminary took place last week, and gave to those who were fortunate enough to attend a season of enjoyment rarely excelled. The Thursday morning programme consisted of the reading of compositions and closing exercises of primary department, which proved very interesting.

On Thursday evening, at Washington Hall, the beautiful Cantata of "The Twin Sisters" was given, and its rendition was voted a success in every particular—the Sisters, the Gypsies in their bright and beautiful costumes, school girls and all. After the conclusion of the Cantata, the three classes in calisthenics performed, going through their movements in the most admirable manner.

The exercises in calisthenics were interspersed with vocal and instrumental music as follows: Inst. duet, by Misses Ruhl and Farmer; vocal quartette, "The Wolf is on the Hill," by Misses Alice Farmer, Bertha Ruhl, Anna Belle Mason, Mary Hopkins, Annie Barr, Mary Hilbert, Annie Aisquith and Maud Dunlap; vocal solo, "Danube River," by Miss Farmer; vocal duet, "Two Forest Nymphs," by Misses Wyatt and Hilbert; vocal duet, "Matrimonial Sweet," by Misses Farmer and Barr; round, "Chicago Street Cries," by Vocal Class.

A personal acquaintance and prominent citizen of Gettysburg, (one who for his opinion's sake was incarcerated in Fort Lafayette during a portion of the late war,) writing to us, says: "I heard and saw it here several weeks ago, for the first time, and was delightfully entertained for several hours. The pictures are very good, and the facts instructive. I believe your people will enjoy, as ours did, the whole exhibition."

V. M. Fior, Esq., local secretary of the Audubon Society for the Protection of American Birds, has received and distributed the first instalment of membership certificates. They are nicely gotten up, and if neatly framed would make a handsome household ornament. Others desiring to become members of the Society can do so by calling upon Mr. Fior. There is no membership fee—the only prerequisite being a pledge to protect the birds from destruction.

A mule belonging to Mr. Patrick O'Brien, residing near Hallowtown, was found, one day last week, minus the entire hoof upon one of his feet, and a search revealed the missing hoof upon the railroad crossing. Whilst on one about that locality witnessed the accident, it is supposed that the mule must have been caught by some passing train in such manner as to cause him to lose his hoof, whilst, remarkable as it may seem, the animal was otherwise uninjured.

The editor of the Berkeley Springs News, in noting a visit to Unger's Store, says:

While there we had the pleasure of making the acquaintance of Dr. N. M. Hendricks of Jefferson Co., a rising physician and a very pleasant gentleman; and we also met a score of friends and acquaintances, among the number State Senator A. R. Unger, ex-Senator Sam Davidson and others. We would advise our readers to visit the upper end of the county if they wish to see some fine farms in Morgan county. As for instance Major Sam Davidson's farm. The Major is one of those enterprising, go-ahead men, that do things on a large scale. If you don't believe it stop and see, and we will bet our old hat you will hear us out in what we say.

Undigested Food

In the stomach develops an acid which stings the upper part of the throat and palate, causing "heartburn." It also evolves a gas which produces "wind on the stomach," and a feeling of oppression and distention in that organ after eating. For such acidity and swelling Hostetter's Stomach Bitters is a much better remedy than alkaline salts, like hartshorn and carbonate of soda. A wineglassful of the Bitters, after or before dinner, will be found to act as a reliable carminative or preventive. This fine specific for dyspepsia, both in its acute and chronic form, also prevents and cures malarial fever, constipation, liver complaint, kidney troubles, biliousness and debility. Persons who observe in themselves a decline of vigor should use this fine tonic without delay.

G. Julian Pratt, Esq., of Augusta county, Va., and Mr. Wm. A. Pratt, civil engineer in charge of the construction of the Philadelphia extension of the B. & O. R. R., with their wives, visited their brother, Dr. Chas. E. Pratt of this place, last week. A pleasant re-union of three brothers and their better halves was thereby enjoyed.
